**Subject:** More Supplies needed..

Good Morning,

On our last phone conversation I had asked if in the future the homeopathic bleeder can be send directly here. Is that in motion ? I will be needed more in a very short time .

Where is he on the powdered acth ? I will need that when ever you have it available.

Did he get the silver top EQ order in ? Approximately when will that be available ?

I received 134 FHS - Iron Sucrose I will need labels for please..

Also, I will be needed Folix 5x here in a few months. Not sure if that has been added to the list of products to make.

More items..

NPX , new and old version

As many bleeder pills as he can get.. Again mind as well send to me vs storage down there..

thank you  
Lisa
